FRIDAY April 18, 1941

"BUILDING BOOM" STARTED

The first house to be built in the "Building Boom" is that of the R.G. Bents. This family is from Hartford, Conn. The house will be a six room bungalow. The house will be located directly behind Macauleys'. We sure glad to have these fine neighbors.

Mrs. Abbie Standerwick returned from a trip to Cuba last Friday.

The Girl Scouts plan to go to camp on May 24.

Let's all try to see how much more beautiful we can make Temple Terrace this year. I am sure if each one of us would do our part we could make Temple Terrace truly a city beautiful.

Mr. and Mrs. T.C. Cross and Miss Mary Katherine Mickler left today for a visit in New York City.

Jim Hawk, Whit and Jean Pinnell, Sam Dowling, George West, and John Perry went to the Court of Honor to receive some Boy Scout awards. Quite a crowd of Temple Terrace people were present.

"BELIEVE IT OR NOT"

Mr. Seitz received a long distance call from an operator in St. Petersburg. He didn't know the number of the operator or anything about her. The next day Mr. Seitz had to go to St. Pete on a business trip. He found out that he had to stay there over night. Not being acquainted with the town Mr. Seitz stopped at the first house he saw that was lighted up. It happened that this was a rooming house and the proprietor was away. But a girl that was staying there showed Mr. Seitz his room. While talking to her Mr. Seitz found out that it was the SAME operator that had called him the night before.

Mr. and Mrs. Alfred Taylor, who used to live in T.T., had a baby boy to day.

Speaking of babies the Seitz baby, Mary Elizabeth, is teething. She is cutting four teeth at one time.
