The Honor Society of Phi Kappa Phi was founded at the University of Maine at Orona in 1897. There are currently 182 chapters in 46 states, the District of Columbia, the Philippines, and Puerto Rico. Men and women in all academic fields who rank by discipline in the senior class, in the upper ten percent of the graduate class, or in the upper five percent of the junior class may be considered for membership. The basis of eligibility is excellence of scholarship and integrity of character. With the motto: "LET THE LOVE OF LEARNING RULE MANKIND", Phi Kappa Phi is the only honor society to induct from all disciplines.

Chartered in 1971, the University of South Florida Chapter 126 now has an active membership of almost 3,000. Although one of the youngest, it is one of the fastest growing chapters in the nation.

In cooperation with Themis, the USF Phi Kappa Phi chapter recently started a Themis-Phi Kappa Phi book scholarship. Additionally, Phi Kappa Phi is promoting the formation of a Themis-type honor society in selected community colleges in Florida.
