By D. A. POFELL

Note: This is a great column.

Dear Editor:

The editors of the student newspaper are reserving their ability to issue memorials in the manual of course. They are also aware of the fact that the ’one rule’ is not just a practical necessity. It is also a moral one. The editors feel that it is as important to be moral as it is to be practical. The editors believe that the ’one rule’ is the moral one. It is the one that is primarily affected. The editors feel that the ’one rule’ is the moral one. It is the one that is primarily affected. The editors believe that the ’one rule’ is the moral one. Letters to the Editor

Dear Editor:

We want to express our concern about the increasing number of students who are not attending classes. We feel that this is not only a waste of time, but it is also a waste of resources. We believe that all students should be treated equally, regardless of their attendance record. We hope that you will take this matter seriously and address it in the future.
