Students Witness Eclipse

Many university students were among the estimated 700,000 people who turned out to watch the televised total eclipse.

The scientific phenomenon of the sun, moon, and earth were studied with curiosity and a great deal of caution.

"I saw that the upper right corner of the moon totally eclipsed the sun, and was seen approximately 10,000 miles per hour.

..." said Marilee, a second card to let the sun be seen in the eclipse.

The moon was swept from Japan over to the U.S.

Final Golf Scores Are Due

By RAY TOULER

The scores submitted by the university's 19 golfers in the 1967 Southern Regional Golf Tournament are due by noon today. The Tournament has been shortened to 54 holes this year because of flooding and high winds on the Public Course. The scores should be submitted to the Administration Desk in the Administration Building.

In the women's division, the scores have been turned in from Mrs. Beulah Souter, director of the women's division, and from Mrs. Lela V. LeBoeuf, director of the women's division. The scores are due by noon today. The Tournament has been shortened to 54 holes this year because of flooding and high winds on the Public Course. The scores should be submitted to the Administration Desk in the Administration Building.

SAYS PEGGY WOOD

Meeting C. B. Shaw Like Finding Whiskers on Lamb

"Meeting C. B. Shaw was like finding whiskers on a lamb," said Peggy Wood, a writer for The New York Times. "It was not easy to find Shaw's greatness once you started looking for the whiskers."
